UNICUT 335

US Industrial Fluids, LLC

QUALITY BLENDED IN EVERY GALLON

Unicut 335 is a low misting, heavy duty cutting fluid designed for use in gear hobbing/shaping and other tough machining operations of ferrous metals. Unicut 335 is heavily fortified yet light in color to allow for better viewing of the tool and work piece. Unicut 335 exhibits excellent lubricity and anti-weld properties. This product is formulated with the latest in cutting oil technology to produce superior surface and increase tool life.

Superior Lubricity
Low Foaming
Extreme Pressure Properties
Low Misting
Anti-Weld
Low Smoke

TEST	RESULTS
Specific Gravity	.892
Flash Point F	None
Boiling Point	520°F
Active Sulfur	Present
Chlorine/Chloride	Present
Appearance	Light Amber
Odor	Mild Petroleum
Viscosity cSt @ 40°C	34.2
